Ms. Pierce,

Over the last several months, Ms. Carol Wagenson has presented to our custodians at our monthly educational meetings. Simply put, Carol did an outstanding job! She covered the topics of interview skills, constructing a resume and communication skills. She was entertaining, witty, and most importantly, knowledgeable on each topic. I found myself looking forward to her presentations each month. Carol is the consummate professional who is a wonderful ambassador for your organization. I would like to thank Ms. Carol Wagenson and Workforce Development for making a difference with our employees.

Have a great day!
